In December we drew attention to concerns raised by readers about fireworks on New Year's Eve. The Parish Council has investigated the position for nearby residents and asked us to report that both the Police and Fire Service recommend that residents, particularly in close proximity to thatched houses, preferably refrain from letting off the fireworks or, at the very least, consult with their neighbours beforehand. They also advised that anyone letting off fireworks, particularly near thatch, should ensure that they have public liability insurance included in their house insurance so that they are covered for costs if any damage to neighbouring property should occur. In circumstances where there have been 2 very severe thatch fires locally it is understandable that residents should be very concerned when firework debris is found nearby.

At the January Parish Council meeting, parishioners and councillors aired their concerns regarding the state of the roads and flooding in the parish. A number of actions to improve the situation were identified and progress will be discussed at the next Parish Council meeting on 6 March.

Enthusiasm continues as the Coronation Hall adds a new Circuit and Fitness class on Fridays, new Yoga class on Thursdays and a new Zumba teacher for Tuesdays. The TreeHouse at Sunflowers is open this month from 17 to 21 February. Contact details on page 4.

Please can contributors submit their adverts or articles before the deadline on Page 4 to help the team to publish in time?

## OUR DOCTOR WRITES

A really important development is the Care Data programme being launched by the government. Currently the information that is held by your GP and the wider NHS is confidential. The changes that are being proposed involve giving access to this information to all sorts of parties. Not only will the information be available to researchers within the NHS family but it will also be available for sale to private organisations and charities. The data available to them will not include your name but it will include your gender, your date of birth, your NHS number and importantly your post code.

Whilst there are some good reasons to be comfortable with this direction of travel, for example the enormous benefit to bona fide health and social care researchers, there is an obvious down side too. Post code areas are very discrete and there are unlikely to be many individuals with similar health details in your post code area which means that individuals may be identifiable. There is also concern that organisations such as insurance companies who do hold data about you will be able to match their data to the Care Data and thereby cross check the information revealing information about to you as an individual with a fair degree of certainty.

The plans are for the first sets of data extraction to start in March this year. The default position is that you will be deemed to opt in to the system unless you opt out, unlike informed consent used elsewhere in the NHS and wider society. You will be receiving a leaflet about Care Data soon.

You can opt out by telling your GP that you are uncomfortable and at a later date you can opt in if you wish. If it is any help to you at all I will be opting out as will my wife and probably my children.

### NEWS IN BRIEF

#### ***Planning applications for work on trees or hedges***

Wiltshire Planning Department has recently confirmed to Grafton Parish Council that they no longer intend to inform neighbouring residents about any applications submitted for this type of work. This decision was made without notification to the Parish Council which will discuss how to manage this situation at the March Meeting.

#### ***History of Grafton Parish***

If you are interested in the wide range of information held about our Parish then visit Wiltshire Community History resources at <http://history.wiltshire.gov.uk/community/>

#### ***NHS Health check***

If you recently had your 40, 45, 50, 55, 60, 65, 70 or 74th birthday then do make sure that you take advantage of your free NHS 20 minute health check with your GP. This can help to prevent ill health and prolong life - just contact your own GP surgery to book an appointment.

#### ***Wildlife Hospital to the rescue!***

The Wiltshire Wildlife Hospital is a charity based in Newton Tony (the other side of Tidworth) and is available 24 hours a day for people to take any injured or orphaned wild animals. It is run by volunteers working all hours of the day to care for their patients, looking after anything from deer to owls, from pigeons to weasels. This winter, they have about 170 hedgehogs - all hibernating in safety. However, in the spring, the hospital needs suitable sites for releasing the hedgehogs and these can be very hard to find. Many areas in Grafton Parish are well suited for this as we are so rural and have gardens.

These are the guidelines:

- Old fashioned gardens or gardens with lots of cover (untidy corners), log piles, sheds with gaps underneath (cosy hibernation spot) as well as access to other gardens away from dangers of roads and in slug pellet free areas.
- If there is a garden pond, then an escape ramp or a sloping edge is needed in case they fall in - they can swim but will exhaust themselves trying to get out.

If you think you might be able to help the hospital with the hedgehog release, then please contact them via their website - [www.wildthingsres-q.org.uk](http://www.wildthingsres-q.org.uk) - or on **01980 629470**.

### Church cleaning and flowers

A big thank you is due to all you volunteers who help to keep our church clean and welcoming. You do a wonderful job which is appreciated by both visitors and congregation. Thank you all.

However, we desperately need more help. You may feel able to provide a small vase of flowers or arrangement or would help with vacuuming, dusting or brass cleaning. Whether this is for a regular month each year or on an ad hoc basis when you are able to give just an hour or two, it would be greatly appreciated.

Get together with a friend or neighbour and have a chat as you work or just come along and meet new friends.

If you would like further information please contact  
Patricia Knowles **01672 810072**.
